

## Community Pavilion design and play area

The remaining half of the site would be operated by Your Trust, with a focus on community wellbeing and wider sports provision. This would include:

- A new community sports pavilion.
- A 40-station health and fitness gym.
- A community room, café / social space and kitchen.
- Retained cricket provision through new cricket nets.
- Two full-size community 3G artificial grass pitches.
- Changing rooms and officials' facilities.
