EQUALITIES IMPACT ASSESSMENT

Draft Littleborough Station Supplementary Planning Document (SPD)

September 2021

ROCHDALE METROPOLITAN BOROUGH LOCAL DEVELOPMENT FRAMEWORK

An Equalities Impact Assessment (EqIA) is a measure that public authorities often carry out prior to implementing a policy, with a view to ascertaining its potential impact on equality. Such assessments are not required by law, although are a way of facilitating and evidencing compliance with the Public Sector Equality Duty.

This Equalities Impact Assessment has been prepared as a supporting document for the Littleborough Station Area Supplementary Planning Document (SPD).

The SPD has been produced to support and guide appropriate development, change, investment and improvements in the future of the area over the next 10 to 15 years.

Equalities Impact Assessment and Target Groups

The purpose of this Equality Impact Assessment is to ensure the proposed SPD for the Littleborough Station Area integrates the best outcome for those affected by spatial development and mitigates any negative impacts, in respect of the protected characteristics defined by the Equality Act 2010. These are:

- Age;
- Disability; (Disability Discrimination Act 2005, GLA Disability Equality Scheme 2005, Special Educational Needs and Disability Act 2001)
- Gender reassignment;
- Marriage and civil partnership;
- Pregnancy and maternity;
- Race; (Race Relations Act 1976, Amendment 2000, Amendment Regulations 2003)
- Religion or belief;
- Sex; (Sex Discrimination Act 1975); and
- Sexual orientation.

This EqIA is an opportunity to consider whether a policy, strategy or approach, affects all groups in the same way or whether there are is a significant positive, negative or neutral impact on particular groups before a policy is formally introduced.

On the whole, EqIAs should make sure that equality is placed at the centre of policy development, highlighting the likely impact of the policy on the target groups and to take action to improve the policies where appropriate as a result or to demonstrate the potential benefits.
