**5. What is proposed?**

The proposal is to permanently enlarge St Lukes CE Primary, Rochdale from 210 places to 420 places with effect from 1st September 2019. This would mean that the Published Admission Number would increase from 30 to 60 in each successive new year group.

**6. School capacity and places- current pupil numbers and admissions- (distinguishing between compulsory and non-compulsory school age pupils), age range, sex, and special educational needs (distinguishing between boarding and day pupils) for whom provision is currently made:**

St Lukes CE Primary has 298 pupils on roll from Reception to Year 6 based on the October 2017 school census. The current age range of the children is 4-11 and the school has no nursery provision.

ROCHDALE OCTOBER 2017 CENSUS	Places 2017	Rec NOR	Places 2016	Year 1 NOR	Places 2015	Year 2 NOR	Places 2014	Year 3 NOR	Places 2013	Year 4 NOR	Places 2012	Year 5 NOR	Places 2011	Year 6 NOR	Total NOR
St Lukes CE VC	60	59	60	58	60	58	30	31	30	31	30	31	30	30	298

The school has had three years of bulge classes from 2015 and has continued to provide a 'Good' education to this increased cohort. The school is at, or close to full in all year groups.

## 7. Why do we want to make the change(s)?

### Reasons for the expansion of places

7.1 Rochdale Borough Council needs to make sure there are enough primary school places for those who need them, taking account of the demographic growth and change and demand for places. Previous analysis of data and consultation has shown that there are three key factors driving the need for more school places in the Heywood Township:

- i. After a small dip in 2017/18 the cohorts are expected to rise in line with birth rates until 2020.
- ii. Movement of families into the borough and township, which is creating a lack of capacity for in-year transfers, with an ongoing issue of lack of spare places in Key Stage 1 and 2 year groups.
- iii. New housing developments.

The proposal to increase the number of school places at St Lukes CE Primary will make sure that there are enough school places available for families within a reasonable distance of this popular school.

7.2 Additionally the Council has, in its 5 year housing plan, proposals for a further 527 houses in the Heywood Township. In addition to this a major housing development is expected to come forward over the next 15 years close to Junction 19 of the M62.

7.3 The proposal is therefore to enlarge St Lukes CE Primary by providing an additional 30 places in each new year group.

### Quality of Provision

7.4 The current OfSTED report for St Lukes CE Primary was published in February 2016 and the school was judged as 'Good' for overall effectiveness. Its intake has a high percentage of disadvantaged pupils.

7.5 The advantages to the school and the children will be:

- Creation of extra capacity in an area of high local demand, meaning shorter journeys to school for many families;
- Capacity to develop a strong leadership team which will share the responsibility of knowing children and their families individually, and have direct and empowered links with the Head teacher and governors when necessary;
- Flexibility of organisation due to multiple year groups and a significant budget;
- Opportunities for staff to specialise and offer high quality support to colleagues;
- Capacity to retain high quality staff by offering a wide range of experience and consequent promotion opportunities within one organisation; and
- Opportunities to offer a very wide range of extra-curricular activities due to the range of talents and interests of the staff.

7.7 The Governing Body of St Lukes CE Primary is committed to upholding the standards and ethos of the School. Through the Leadership and Management Team and alongside the Governing Body, the school aspires to provide an 'Outstanding' education to all of the children in its community. The school will maintain all staffing ratios: resources for which are provided through the school funding formula, and which will be increased accordingly each year as numbers grow.

**8. The need or demand for additional places- a statement and supporting evidence about the need for school places in the area including whether there is sufficient capacity to accommodate additional pupils in the current schools:**

8.1 New pupil projections for Rochdale Borough and Heywood Township were published and consulted upon during October-December 2017. The consultation information can be found in the link below:

<https://consultations.rochdale.gov.uk/council-wide/extra-primary-places/>

This highlighted the serious need for additional primary school places within the Heywood Township, key factors being:

- Continuing high birth rate in the locality;
- Demand of in-year transfers both in the borough and township;
- High number of extra housing being planned.

8.2 All of the neighbouring schools are full and the expansion of St Lukes CE Primary is required to meet the demands outlined in 8.1 above. No adverse impact on local schools is expected.

8.3 St Lukes CE Primary is a popular and successful school. There has been a high level of demand for places at the school in each year group.

8.4 Consultation was undertaken during Oct-Dec 2017 with schools (face to face meetings) and Townships (via committee meetings).

**9. Interim arrangements - details of the schools or further education colleges, taking the following into consideration:**

- a) *Careful consideration has been given to the additional teaching spaces required to ensure that an increase of pupils on roll does not negatively impact on the teaching and learning of existing pupils or new admissions. The class sizes will not increase as a result of the additional primary school places to ensure that this increase in places complies with regulations regarding adult to pupil ratios.*
- b) *The increased place capacity will help to alleviate any concerns with regards to local children as well as acknowledging parental preference.*

**15. Travel requirements and provision of travel costs- details of the length and journeys to alternative provision and the proposed arrangements for travel for pupils to other schools including how the proposed arrangements will mitigate against increased car use:**

*A school travel plan will be produced to help reduce the impact of increased pupil numbers over the next few years by encouraging sustainable patterns of travel to school.*

**16. Capital**

*The capital cost of the proposals will be met by the Local Authority from capital grant resources already available. Approval for expenditure was given by Cabinet on 19<sup>th</sup> December 2017 and because contracts for the work have not been agreed the amount available is commercial in confidence. This will help secure value for money in procurement of the project. The site is in Council Ownership.*

**17. Implementation of the Proposals**

*Rochdale Borough Council as promoter has responsibility for implementing the proposals.*
